SALT LAKE BANKS

Sixteen and a Half Millions on Deposit.

THREE MILIJON MORE THAN A YEAR AGO

Increase of 6,000 in Number of Depositors.

The people of Sait Lake are prospersus. That fact is demonstrated by the present condition of the banks. There is not one of the banking houses of the city but what shows a marked increase not coly in the amount of the deposits, but in the number of the deposits well. Last year was considered a prosperous year, one of the basil from a business standpoint that the city had ever had; with a large increase in every branch of legitimate trade and no business failure of a size to make even a ripple on the surface of trade in general. The present year now promises to cast last year completely into the shade.

Business Notes.

The Sait bake bank clearings still keep well in advance of those of last year, the clearings for the dearlings were \$2,00.00, ahead of the corresponding week for last year. Yesterday the clearings were \$2,21,300.30; on the corresponding day of last year fley were \$365,040.59. For the week just closed the clearings were \$2,2633,081.38, and for the currency of the corresponding day of last year fley were \$2,017,135.98.

John Farrington has just completed the entargement and improvement of his livery stable on State street, at an expense of \$1,500.

no business failure of a size to make even a ripple on the surface of trade in general. The present year now promises to cast last year completely into the shade.

There is no better test of business conditions than that to be found in the conditions of the banks through which the business is done. The fourteen hanks doing a general business is Salt Lake show an increase in deposits of over \$2,000,000 as compared with a year ago, and an increase of more than 5,500 depositors.

Figures from Banks.

An effort was make to get the figures as near actrate as possible and for this purpose a visit was made to every bank in the city. It was dound that the actual deposits a year ago in reund numbers were \$13,340,000. The number of depositors it was difficult to get accurately. The figures obtained show 43.74 depositors this year, compared with 38,658 for last year, showing an increase for the year of 5,666. These depositors do not include those who have maney deposited in the different banks on certificates of deposits? Only those who are running open accounts were considered. Of course the great bunks on certificates of deposits? Only those who have small accounts were considered. Of course the great bunks on certificates of deposits? Only those who have small accounts in the savings banks, all of which make fine showings. The Zion depositors in year the positions bunks on certificates of deposits? Only those who have small accounts in the savings banks, all of which make fine showings. The Zion depositors in year the positions bunks on certificates of deposits? Only those who have small accounts in the savings banks, all of which make fine showings. The Zion depositors in year the positions are working people who have small accounts in the savings banks, all of which have the present building. The cost will make the country at the conform in the business institutions will make the present building. The conform in the present building in the business institutions will be savings banks, all of which make fine present bu people who have small accounts in the savings banks, all of which make fine showings. The Zion depositors in creased from 24,985 to 27,770; the Descret from 24,985 to 27,770; the Descret from 24,985 to 27,770; the Descret from 24,985 to 3,212; the Utah Commercial from 1,386 to 1,427; the Utah Savings & Trust from 1,350 to 2,000. In all these calculations the Wells, Farso & Co. bank is not included for the reason that the local business of the Salt Lake theatre. It is that institution is never segregated from the business done by the same or-during file absence. savings banks, all of which make fine showings. The Zion depositors increased from 24,985 to 27,770: the Desert from 2,785 to 2,212; the Uiah Commercial from 1,838 to 1,227; the Utah Savings & Trust from 1,350 to 2,000. In all these calculations the Wells, Pargo & Co. bank is not included for the reason that the local business of that institution is never segregated from the business done by the same organization in other cities, but as it is one of the important banks of the city its figures, could they be obtained, would add materially to those given above. There is an edoubt that that

the Zion next, with \$2,533,000; the Description of Superintendent next, with \$1,70,000; the Descree. Sayings next, with \$1,55,000; Walker Brothers an next, with \$1,00,000. All the others fall

of the community as a financial center was so clearly demonstrated as at this time, and yet this is the slack time with the banks, before the returns from the wool clip have begin to come in: but with \$50,000 coming in each month.

During the past week the firm of H. L. Grant & Co. purchased from local parties 2,800 shares of Unit Sugar stock in dividends from the mines and other large sums co-ring in as dividends from commercial institutions there is nothing that can prevent the growth of the city as a financial center.

The J. G. McDonald Candy company has decided to erect a building of its own especially fitted for the business of candy making. A deal was closed yesterday by which the company secured a fine lot from Taylor Bros. It is located at 15s West Phird South street, has a frontage of fifty four feet on Third South and is 20 feet deep. The price paid was \$6,400. Work will begin at once on a building that will cost \$15,000. It will be three stories high and have a basement under the entire building, and the building from top to bettom will be utilized for candy making. J. G. McDonald and his foreman, B. Y. Lindsey, will leave for the east next week to arrange for the purchase of machinery and material. The work of building will be pushed forward with all speed. This company's resident agent for Utah.

Scarney s resident agent for Utah.

A warranty deed was filed for record yesterday with the country recorder, conveying from the Western Loan & Saxines, company's 0. K. Hull. for a ground (aoing north nad west on Fourth and Q streets.

being rushed into the city with all the speed that can be mustered, it is impossible to catch up with the demand, and a number of men are idle as a consequence. The same condition exists as to brick, and the factories have orders now that will keep them running full blast till June 1. No orders will be taken at this time to be filled before the above named date.

Prices on brick and stone have also bren adv. noced this spring as compared with last season. The advance is placed at from 5 to 10 per cent. The price of lumber has also been advanced it like the buyer now has to pay the cost of springer of lumber has also been advanced with 15 per cent over last year's prices, and the buyer now has to pay the cost of drayage, which is something new for Salt Lake.

The threatened labor trouble seems to be settled, and no suspension of building is looked for from that source during the year. There are a few sporadic cases of disagreement yet between the Building Trafes Council and some of the contractors, but both the confractors and the iten state that they will be adjusted amicably.

Visit Too Short for a Proper Demonstration.

MEETING OF COMMITTEE

ALL KINDS OF SUGGESTIONS CONCERNING RECEPTION.

The matter of arranging for the reception and entertainment of President McKinley and party on their visit to Salt Lake was taken up for consideration yesterday afternoon by the general committee appointed by Governor Wells and Mayor Thompson on representative citizens had been named on the committee, only twenty-nine of them attended the meeting called for yesterday afternoon in the city council chamber. But for all that the meeting was productive of results, and there is no doubt, from the many saggestions made concerning the reception, and entertainment of the presidential party, that the distinguished visitors will be accorded such a welcome as will gestions made concerning the recepiter, and enterrainment of the presidential party, that the distinguished visitors will be accorded such a welcome as will uphold the reputation of the people of Utah for generous hospitality.

By virtue of his position on the cemmittee, Governor Wells was called to the presiding chair at the meeting. Mayor Thompson occupied the chair of vice chairman and City Recorder Nystrom was chosen secretary of the assembly.

After having read the official announcement of the visit of the presidential party to Utah on June 2 and 3 and the answer to the governor's message inquiring if the president would accept the courtesy of a drive around the city and a visit to the tabernacle on the Sabbath, the governor explained what preliminary arrangements had been made to date to receive the president's party. Suggestions were then invited.

Many Suggestions.

Many Suggestions.

Nearly every member of the commit-tee in attendance had a suggestion of some sort. Some wanted a big parade, including all the civic and military so-cieties and all of the school children. Others favored a trip to Saltair, and still others urged that some effort be

assessed turned.

According to the figures that are being shown by life insurance companies or company in this country made more aitisfactory arrogress in 1960 than the company's assets at the end of 1960 were over \$4,900,000, while it has a surplus of Newark, N. J., where twenty-five years ago, if started as the lone of industrial insurance company of America.
